Environmental policy

Garden & Leisure Group consist of seven privately owned garden centers providing the best for your garden and home with brilliant displays of plants and an inspiring range of quality products for the garden, the home and the whole family.

We will conduct our own activities and operations to reflect best environmental practice and operate an environmental management system to pursue sustainability, continual improvement, and the prevention of pollution. In particular, we will:-

- Comply with all applicable legal and other requirements;
- Identify environmental aspects and prioritise action to reduce them, with the emphasis on:-
 - Improvements in the efficiency use of Energy, Water and Raw Materials;
 - Reducing waste at source and increasing the proportion of reuse and recycling;
- Set challenging targets to reduce our environmental impacts and regularly review progress;
- Raise awareness of the environment amongst our employees through training, our environmental co-ordinators network and communication of environmental performance;

contd...

- Report annually on our progress and performance, making the reports available both within the Group and externally;
- Undertake regular management reviews to ensure that our environmental management system remains effective.

This policy and other relevant documents to the environmental management system will be made available on our internet and intranet sites, and other locations as appropriate.
